1938 Supported the first child labor law.

1868 Origin of Federation

See gfwc.org for complete history

Come join us for monthly meetings at local restaurants the second Thursday of each month.

WHAT WE DO

GFWC members understand that there is no single issue and no single solution. GFWC is distinguished from other nonprofit organizations in that clubs have freedom to shape programs and projects that suit local communities and interests, while benefitting from the expertise and support at district, state, regional and national levels.

Whether aiming for the passage of a Congressional bill to prevent violence against women or mentoring at-risk girls at elementary school, we are proactive, determined, visionary volunteers with a national voice and local passion.

GFWC is responsible for the establishment of 75 percent of America's public libraries.

UNITY IN DIVERSITY

Our motto emphasizes our ability to use the diversity of our backgrounds to work toward a unified vision and purpose of enhancing our lives and the lives of those around us. Our members hold a wealth of resources in terms of interest, knowledge, and experience. Our programs provide projects, ideas, and opportunities spanning a wide range of issues. Our impact is local, and our reach is global. GFWC's motto sets the tone for the flexibility that has enabled us to grow and adapt to the changing lifestyles and concerns of women through more than a century of volunteer work.
